WHITESBURG, LETCHER COUNTY, KENTUCKY, THURSDAY EVENING, OCTOBER 4, 1945.

NUMBER 13.

HARRY M. CAUDILL EXPLAINS G. I. BILL OF RIGHTS

In last week's issue of the Mountain Eagle there appeared a statement by my opponent which contained a number of questionable or false declarations. One such questionable declaration was to the effect that while I can resume my education at government expense the sum made available to himself for that purpose would not be sufficient to allow him to return to college and at the same time support his wife and child. As proclaimed by a number of signs posted throughout the county, the rallying cry of his campaign has become, "Give a wounded soldier with a family a chance." In order that the public may clearly understand the provisions of the G. I. bill and know that any veteran of World War II DOES have a chance to support his family, I wish to make the following explanations:

The popularly-called "G. I. Bill of Rights" makes educational provisions for two classes of veterans. The first class includes only able-bodied veterans of World War II and is clearly not applicable to either my opponent or myself, since each of us was disabled in the military service of the United States. The second class includes all veterans of World War II who are disabled ten per cent or more. I am definitely in this class and presume my opponent to be also. Let us examine the benefits offered veterans of this war and see whether or not it is financially possible for him to resume his education.

The Federal Government will pay all the school fees of either of us up to five-hundred dollars (\$500.00) per year and buy all of our text books. Thus anything either of us would owe the school of our choice would be accounted for. In addition, each of us would receive a cash payment designed to meet our living expenses each month. The sum I, as a single man, would receive would be adequate to meet my needs. MY OPPONENT WOULD RECEIVE ONE HUNDRED AND TWO DOLLARS (\$102.00) MONTHLY and I leave to the judgment of the voters the question of whether or not that sum would

be sufficient to meet the requirements of a reasonable economical family of three. Many poor but honest old-age pensioners are compelled to support themselves plus one or two dependents on ten to twenty dollars per month. During the dark depression years many a Letcher County miner was forced to support a large family on an average income of no more than two dollars per day. Is my opponent such an extravagant spender that he cannot support himself, his wife and one child on three dollars and forty cents (\$3.40) per day? In addition to this income, could he not earn money at a part time job? Any college will help its student find such a job and most students have jobs. Could his wife not work and thereby contribute to the support of the family? The wives of many college students work.

In the above mentioned statement in last week's issue of The Mountain Eagle, my opponent declared that I was in the army "less than eighteen months." I began active duty in the United States Army on April 5, 1943 and was honorably discharged October 18, 1944. To any one reasonably well versed in simple arithmetic it is plain that I was in the Army eighteen (18) months and fourteen (14) days. Ladies and Gentlemen, the truth of the matter is that both my opponent and I have a chance in life if we have money enough to be worthy of such a chance. We can each go back to school for four full years at government expense and return to Letcher County professionally qualified to earn a fine living. America affords me the opportunity to marry and raise a family and America affords my opponent a magnificent chance to provide for his family. The opportunity is present for each of us in this great land. However each of us desires to be County Court Clerk and the people must decide which of us shall serve them in that capacity.

I appeal to you to elect me County Court Clerk of Letcher County. If elected, I promise to make an honest, economical, efficient and courteous of-

J. C. Codell and Engineers Here This Week.

This week Mr. J. C. Codell and his staff of Engineers and Superintendents were here in the county figuring on the proposed railroad that will connect Virginia and Jenkins that has lately been planned by the C. & O. R. R. Co. The proposed road according to Mr. Codell when completed will cost approximately \$67,000,000, and will have one of the longest tunnels in Kentucky.

Mr. Codell says the part of the road planned by the C. & O. was also figured on and it will cost in the neighborhood of \$5,000,000 when completed.

The Codell Construction Company which Mr. Codell heads has built many roads in Letcher County and Southeastern Kentucky, also many other roads throughout the entire state. This company is now employed on the new L. & N. Road at Clossplint, Ky. in Harlan County.

Victor Vinson Is Author of Song

Hazard, Ky., Oct. 1. — Victor V. Vinson, former resident of Hazard, is the author of a new song, "My Psalm," which has just been published by Modern Melody, of Hollywood, California. It is an adaptation of the Twenty-Third Psalm and was set to music by Noel Marchant. Mr. Vinson's production has already been used by a number of church choirs and soloists in western states and promises to be a "top" ranking hymn.

Mr. Vinson is a former newspaper man, was for years the owner and publisher of the Estill Herald, and later worked on newspapers in Indianapolis and Texas. He is the father of Don Vinson and Mrs. Charles J. Johnson, of Hazard. Mr. Vinson has other compositions in the hands of publishers.

Miss Lucille Adams returned on Friday after a week's visit with Miss Marion O'Neal in Lexington.

I promise to be always ready to accommodate and help any citizen who may come to the County Court Clerk's office. I promise to always welcome you to the office which you will have elected me to administer. I promise the people of Letcher County that if they elect me they will have good reason to be glad that they did.

Can The People Win?

Is the time with us yet that the poor and the common man has a chance in politics with the moneyed rich? These questions are being discussed on the streets, at the country stores, Post Office, and the cross roads of the country in a great number of our homes. Has the time come that money shall determine who is to be elected to office in this country? I want you, who read this to ponder these questions carefully. It may be your son or daughter that is a candidate next time. I frequently hear it said that the money is against me. I know that this is a fact. The only wealth I possess is a home. I can get and will get enough money to bear what is a reasonable expense for this campaign. This office and every other office in the county should belong to the people and I believe that in this campaign the people will assert their independence as citizens and will elect men to office upon their merits, men who they believe will give them honest and efficient service men who they believe will not be swayed because of money. Is the time here when only the mighty and powerful rich can win an election? These are the questions that you should answer. These are the questions that will concern you and your children after you. I am not asking that you believe me a pauper. I am just one of the Great Common people among you. It has fallen my lot to make this fight against one that has a horde of wealth and money to spare. I have faith in the good fathers and mothers of this county and I do believe that you will not let me down. I have had two sons in this awful war and while they were risking their lives on the battlefields, one of my great consolations was the fact that I had tried to live a life before them that it would be well for them to strive to emulate. Now they are returning to us along with many of yours and what we need most is some one to work with them who has the sympathetic feeling for them that can only be had by those of us who have had loved ones who went through that awful maelstrom of death over there. (Many will never come back.) I have a brother in that number. I want you to read this to your family and discuss it with your neighbor. Ask yourselves the question, "Can the people win?"

I have been a peace officer for the past twenty years and during that time I have never failed to serve a process or warrant that has been placed in my hands. I have never had an occasion to use force. Black jacks and pistols are a very useless ornament to an officer if he uses wisdom and discretion when going about his official duties. By the help of God and the voters of Letcher County, I will win this race. I will be fighting constantly until the last vote is cast. Call your neighbor and tell him that this is my fight, your fight, and his fight. It is the fight of the Great Common people against the money and we can and will

Boy Scout Field Executive Discharged From Army

Chas. A. Blaine, former Field Executive of the Big Letcher County District, Lonesome Pine Council, returned to the county on September 21 from a Camp Blanding, where he has been stationed for the last nine months. Mr. Blaine has already gone back into Scouting in this Council, and will be employed as Assistant Executive, working with Mr. Harold Hayes, the Council Executive.

Since the war began, the training of adult leaders, and the organization of district activities has suffered particularly in this Council. Never, since 1941 has this Scout Office had the services of half the number of Executives that it normally employs. Despite this fact, the total number of Scouts registered has continued to increase. Mr. Blaine will be engaged in the recruiting and training of adult leaders, and the building up of the various District Organizations of the Lonesome Pine Council.

Nembutal Drunks Give Police Trouble In Harlan Co.

Harlan, Ky., Oct. 2. — The "black market" of nembutal, a barbiturate that is supposed to be taken only on the advice of physicians, is giving Harlan City police as much trouble as liquor.

More than 3,000 of the capsule sedatives, being used by addicts to bring about a drunkenness, have been taken off city jail prisoners in the last month.

More than 600 were found in the possession of one man.

As a result of this disclosure, the Harlan County Medical Society, the Harlan County Health Department and the State Department of Health have become interested in the free flow of the drug-like capsules.

Dr. Tracy Jones, president of the Harlan County Medical Society, and Dr. S. L. Andel, county health officer, said yesterday they were acting "to do something about it." The problem is one of the Police Department's biggest "headaches" according to Asst. Chief of Police Avery Hensley.

"More than half of the men and women we lock up for drunkenness are 'hopped up' from nembutals," Hensley said. "We have had several crimes committed by nembutal addicts."

Dr. Jones reported that two deaths in the county recently were attributed to the barbiturate.

The problem facing the police and health authorities is the finding of the source of supply. Police authorities are not blaming drug stores. They say that while some may come from the drug stores, the supply in the hands of bootleggers indicates a far greater source. They said they want either state or federal authorities to look into the situation. The federal action, if any, would have to come through the Federal Pure Food and Drug Administration because the nembutals do not come under narcotic classification. —From Harlan Enterprise

EDUCATION AND TRAINING UNDER G. I. BILL

A World War II veteran, who had 90 days or more of active service and who was discharged under conditions other than dishonorable is entitled to education or training under the "G. I. Bill of Rights". The veteran who meets these requirements is entitled to education for one year. If the veteran was under 25 years of age at the time he entered service, the law presumes his education was "interrupted or interfered with", and he is entitled to education or training for the one year plus a period equal to the number of days of active service. A veteran who was 25 years of age or older, at the time he began his active service is entitled to one calendar year of education or training including a "refresher" course not to exceed one year, or, such lesser time as may be required. However, if that veteran who was 25 years of age or over can show that his education was interrupted with or was interrupted by his entering the service, he is eligible for additional education or training beyond the one year the same as the veteran who was under 25 years of age.

Only schools, industrial and mercantile establishments which are approved by the Veterans Administration. Veterans who wish to pursue such courses at a particular institution may learn whether it is approved by inquiring at this office or the nearest office of the Veterans Administration.

Application for training is made on the Veterans Administration Form 1850. This application, after completion, should be sent to this office or that of the Veterans Administration, accompanied by a certified copy of the veteran's discharge certificate. The Veterans Administration will then process the application and issue a Certificate of Eligibility which will indicate that he is entitled to education or training and the period of time of training he is entitled to. The Certificate is presented to the Registrar of the desired institution on the date of registration.

Tuition fees not to exceed \$500.00 for a school year is paid by the government. In addition, the veteran is paid a subsistence allowance of \$50 per month if he has no dependents, and \$75 a month if he has dependents.

"We have hesitated to do anything to hinder service families in the enjoyment of their richly-earned trophies of war. However, our attention has been called to several instances in recent months where criminals have stolen or otherwise acquired war trophies and have used the weapons for criminal purposes. I am issuing these cautions for the safety both of service families and the public at large.

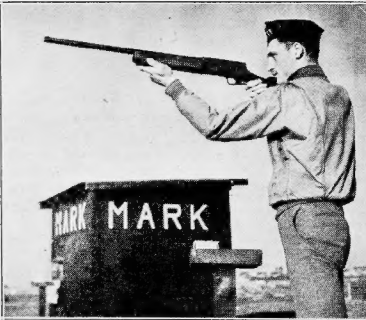

"Under the law registration must be made at once by every professor of any firearms of the automatic type, such as machine pistols, machine guns, submachine guns, or any type gun from which a number of shots or bullets may be discharged with one continuous pull of the trigger. I urge all servicemen, veterans, and their families having any such guns, to communicate at once—in person, by telephone, or mail—with the nearest office of an Investigator in Charge, Alcohol Tax Unit, Bureau of Internal Revenue, or to write to me in Washington. A representative of the Bureau will call and assist them with the registration without charge.

"At the same time, I urge possessors of these weapons to accept the assistance of the Bureau representative in rendering them inoperative. This will not affect the souvenir value of the weapons, but will prevent accidents and keep them out of the hands of the criminal element.

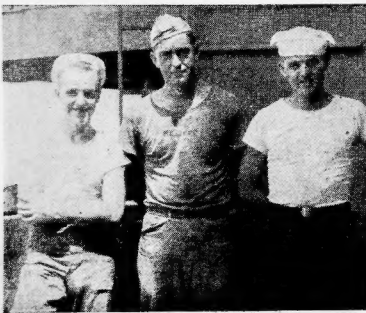

"Furthermore, as long as the weapon is serviceable, the law requires payment of the \$200 tax upon each sale, exchange, gift, or other transfer of the firearm. If the gun is made permanently inoperative, it may be transferred as a war trophy without payment of the \$200 tax by the filing of Form 5 (Firearms) with the Commissioner of Internal Revenue, Washington, D. C.

"I earnestly hope that service families will understand that these cautions are being issued for their protection—not only against the consequences of possessing deadly weapons, but also protection against violation of the National Firearms Act which provides penalties up to five

WAINWRIGHT INSPECTS SON'S SHIP

General Jonathan Wainwright, hero of Corregidor, upon his arrival in the United States, after inspecting his son's ship, the "Lakeland Victory", said, "I am proud that my son, Commander Wainwright of the United States Maritime Service, is part of this great American Merchant Marine. The youth of the nation and the training they are given now for service in the Merchant Marine will greatly effect the post-war economy of the United States. The winning of the war depended upon the amount of supplies that were delivered by this great fleet to every Pacific base and beachhead." Coincidentally with the General's arrival in San Francisco, his son's ship happened to be docked in this same city.

Volunteers for United States Maritime Service training to serve in the Merchant Marine are still being accepted at the Regional Enrolling Office in Cleveland, it was pointed out by Lieutenant D. C. Phillips, Regional Enrolling Officer. Interested men between the ages of 17 and 50 should contact the United States Maritime Service Enrolling Office, 1720 Euclid Avenue, Cleveland Ohio in person or by letter. Full particulars may also be obtained from any United States Employment Office.

VETERANS ASKED TO REGISTER AND SAFEGUARD MACHINE GUNS, AUTOMATIC WEAPONS

Washington, Sept. 27.—In behalf of public safety, Joseph D. Nunan, Jr., Commissioner of Internal Revenue, today appealed to all members and veterans of the armed forces and their families to register and safeguard all machine-guns and similar automatic weapons which have been brought into the country as war trophies.

Calling attention to the mandatory provisions of the National Firearms Act of 1934, and the regulations promulgated thereunder, Commissioner Nunan said:

"We have hesitated to do anything to hinder service families in the enjoyment of their richly-earned trophies of war. However, our attention has been called to several instances in recent months where criminals have stolen or otherwise acquired war trophies and have used the weapons for criminal purposes. I am issuing these cautions for the safety both of service families and the public at large.

Miner's Friend Endorsements From Beckley Increasing Daily In Volume

Raleigh Coal Tipple Man, Used Here 17 Years, Says "I'm Not Having Such Dizzy Bilious Spells and I Don't Feel So Achy and Stiff In My Back and Legs"

Mr. H. L. Fuller, South St., E. Beckley, W. Va., says:

"Here in Beckley and Raleigh where I work it seems all the talk about is Miner's Friend. I was feeling pretty much run down because of ailments brought on or aggravated by constipation. I feel better, look better and my appetite is great since Miner's Friend brought such splendid laxative relief from constipation and the ailments it helped bring on or aggravate. I'm not having such aches and pains and stiffness in my back and legs and the dizzy bilious spells have not bothered me in weeks. Gas and bloating pains and heartburn don't distress me so and my stomach feels better than in years."

BIBLE READING IN THE PUBLIC SCHOOLS

Back in the days of the thirteen original colonies wherever there was a church there was a school. And everywhere the chief textbook of the schools was the Bible. It is plain history to say that the public-school systems of our land originated as Bible Schools.

In the public schools of America today the reading of the Bible is a matter on which each of the 48 states makes its own ruling.

The American Bible Society, in a recent survey, finds that Bible reading in the public schools is required in 11 states, prohibited by 4 states and in the remaining 33 it is permitted although not required.

FORTY YEARS AGO

I wandered to the village, Tom I sat beneath the tree Upon the school house playground That sheltered you and me

But none were left to greet me, Tom And few are left to know Who played with us upon the green Just forty years ago

The same old brick are in the wall The bell swings to and fro It's music just the same, dear Tom 'Twas forty years ago.

The old school house is altered some The benches are replaced By new ones very like the same Our jack knives had defaced.

Near by the spring upon an elm You know I cut your name Your sweetheart's just beneath it, Tom And you did mine the same.

Some heartless wretch had peeled the bark 'Twas dying sure but slow Just as that one whose name you cut Died forty years ago.

And kneeling down to take a drink Dear Tom I started so To see how much I'd changed Since forty years ago.

I visited the old church yard And took some flowers to strow Upon the graves of those we loved Some forty years ago.

And when our time shall come, Tom And we are called to go I hope we'll meet with those we loved Just forty years ago.

—FOR—
POLICE JUDGE of Town of Jenkins
ON THE INDEPENDENT TICKET UNDER THE DEVICE OF THE SCALES OF JUSTICE
NOVEMBER 6TH ELECTION
NOV. 6TH ELECTION, 1945

I am convinced that all Trial Judges should be elected on a Non-Partisan Ticket in order to eliminate all Politics from that office which could cause the Judge to be accused of showing partisan favor and thereby causing a miscarriage of Justice. He should be elected on his QUALIFICATIONS ONLY. He should comply with the oath he takes when inducted into that office; that is to serve all the people according to Law, regardless of their Politics, nationality, Religion, or color.

I have, for the past sixteen years, rendered all my Judgments according to the law, and with as much mercy as the Law permitted. I feel that I am now much better qualified—legally, physically, and morally, to serve you than ever before. Therefore, I am asking for your indorsement and support in the November 6th Election of 1945.

Thanking the good citizens of Jenkins for their past loyal support and promising to make you a better Judge than at any previous time.

I am most gratefully yours,
—J. H. ABBOTT

Q. While I was a prisoner of Germany I performed labor for them and was paid in German money. I now have quite a bit of their currency and I want to know if it is of any value?

A. Present this money to any bank and they will forward to the Exchange in New York and have it converted to American money for you.

Q. I was discharged from the Army last week. I want to take Vocational Training in air conditioning. What is the correct procedure in applying for education under the "G. I. Bill"?

A. Contact Service Officer of the Kentucky Disabled Ex-Servicemen's Board at the Hazard Servicemen's Club. They will analyze your case and assist you in preparing the proper form for training that would be most suitable in your case. This office will also help you with problems concerning pensions, insurance and hospitalization.

Q. I was honorably discharged from the Women's Army Corps last month. Am I considered a veteran in the same as the men of armed forces?

A. You certainly are and you are entitled to all of the veteran's benefits as a veteran of World War II.

PLEASE DON'T FORGET About My Eyes!

"I KNOW you older folks are busier than you ever were before. But I've only got the one pair of eyes—and if you don't help me take care of them, you and I may both regret it some day."

It's a fact that many people are too busy—and too worried to take the simple precautions that help conserve precious eyesight. Here are three easy rules anyone can follow.

1. Avoid shadows. Make sure you have good light on your book or work. Shadows strain eyes.

2. Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.

3. Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

**CONSERVATION OFFICERS
MAKE ARRESTS**

Frankfort, Ky., Sept. 30.—A couple of Kentucky boys, one 16 and the other 15, had to learn the hard way, but a couple of Kentucky judges exercised due wisdom and the lesson was not as hard as it might have been.

Both lads were arrested by conservation officers for hunting out of season. In one court, the 15-year-old paid a fine of one cent and costs; in the other, only costs were assessed and the 15-year-old defendant was placed on his good behavior.

In his report to the Division of Game and Fish, the first judge wrote: "This lad of 16 years was honest and frank about this violation. He had his license but did not know the season had expired. Taking everything into consideration, the attorney recommended a reduction of the charge was acceptable to the court."

The second judge reported: "This defendant being only 15 years of age, and this being his first offense, the court placed him on his good behavior."

The hard part: Each boy paid \$9.50 in court costs.

Frankfort, Ky.—Conservation officers of the Division of Game and Fish made 98 arrests for Kentucky game law violations during the month of August, 1945. Frank Phipps, superintendent of law enforcement for the Division, said that was by far the highest number for any August of the past four years.

Violation of fishing regulations topped the list of charges on which defendants were haled into court. In addition

to fines and costs, the defendants lost nets, seines, fish traps, guns and other paraphernalia which Phipps estimated to be worth in the neighborhood of \$2,000. The material was declared contraband.

Disposition of the cases was as follows: 65 convictions, nine in which defendants were acquitted, and 24 cases pending.

FOOD FOR THOUGHT

When bugles sound their final notes
And bombs explode no more
And we return to what we did
Before we went to war.
Will make some worthy gentleman
Feel like an awful mess.

Just think of some poor "Captain"
Minus all his silver bars
Standing up behind some counter
Selling peanuts and cigars.
And think of all the majors
When their oak leaf's far behind
And the uniform they're wearing
Is the western union kind.

Shed a tear for some poor
"Colonel"
If he doesn't feel himself.
Jerking sodas isn't easy
When your eagle's on the shelf.
Tis a bitter pill to swallow
Tis a matter for despair
Being Messengers and clerks
again
Is a mighty cross to bear.

So be kind to working people
That you meet wherever you go
For the guy who's washing
dishes
May have been your "Old
C.O."

Six Youths Are Charged with Housebreaking

This week six youths from the Hemphill area are in the Whitesburg Jail charged with storehouse breaking.

The officers: Jim Short, Willard Hall, Mack Bentley and Shelley Lequire gave the report to the Eagle. On last Sunday night the Service Dry Cleaning Plant of Neon was broken into and some \$2500 worth of clothing stolen. Browning's Cash Grocery was broken into the same night; also Burkman's residence in Hemphill.

Those accused were soon rounded up and today are being held by Judge B. F. Wright under \$5,000 Peace Bond and have also been indicted by the Letcher County Grand Jury for housebreaking on two counts. When the accused were apprehended they had on their persons quite a large quantity of home made hand grenades and had proceeded to plant them in several dangerous places where they had been. Among the accused are five young men and one young girl, three of whom have been in prison before or the reform school and also one ex-service man.

According to Mr. Fulton, owner and manager of the Service Dry Cleaning plant, practically all of the merchandise taken from his business has been recovered.

Dear Sirs:

I just received my copy of The Mountain Eagle and was very much pleased with it. I notice where a lot of the boys are coming home. I know how they feel, and I would like to be on my way home, but as it is my outfit pulls out for China the 27th of this month. We will be one hundred and fifty miles south of Tinsen. I understand they have some bad winters there. The "Scuttle But" will leave there around the first of the year for home.

As you know, we had a tough time on Okinawa, our division is credited with 73 percent of the island. Our losses were very heavy. Tell all the folks hello for me and I will see them soon.

Thanking you, I remain,

A WORD OF THANKS

We take this method of thanking our many friends, and relatives for their generous aid and sympathy in our sad hour of grief and bereavement, in the loss of our darling baby Johnnie. He was 14 months old, and met him. He departed this life Sept. 11, 1945, leaving his father, mother, and twin sister, Sandra, and a host of relatives and friends to mourn his loss. We want to thank every one that came to our aid, and spoke a comforting word in our bereavement.

We want to thank the ministers for their consoling words in our behalf. We also want to thank Mr. and Mrs. Craft of the Craft Funeral Home for their tender care and painstaking of our darling. We also want to thank our relatives and neighbors for the beautiful flowers.

We also want to thank the little flower girls that so tenderly carried the flowers. We want to thank every one that came to our aid, and spoke a comforting word in our bereavement.

We want to thank every one in our bundle of love is our prayer.

a WHAS program dedicated to helping Kentucky regain her true greatness

Only Kentuckians can restore Kentucky's greatness! Are you cognizant of the vital facts about conditions in our beloved State? Do you realize the value of a blueprint for Kentucky's tomorrow? Are you being blinded by the lustre of history from seeing present problems? To bring the facts to you, WHAS created and developed a weekly radio program to awaken Kentuckians to action.

"Wake Up, Kentucky" is a dramatic presentation of facts as reported by The Committee for Kentucky from its exhaustive research by experts. Some of the facts and figures are not pretty, or pleasing, nor do they bring a glow of pride to our faces, but they are accurate and authentic. Built around a typical Kentuckian, Boone Walker, kindly, resourceful, the confidant of all who know him, this intensely interesting program portrays in vivid word pictures the problems Kentucky faces in health, education, housing, welfare, its constitution, natural resources, labor, industry, agriculture, and taxation.

For an informative, interesting, thought-stirring, entertaining quarter-hour listen to "Wake Up, Kentucky" every Monday evening at 6:30 — 340 on your dial — on Kentucky's clear channel.

Stuart Robinson School Highlights

Mr. Dewey Polly, of the Whitesburg Rotary Club, and in the Coca-Cola business at Whitesburg, gave a most interesting talk to the student body and faculty of Stuart Robinson, Wednesday, September 26. Mr. Polly's speech was entitled, "Good Business Principles." The main principles stressed were: 1. A business man has to have a stepping stone. 2. He has to have a starting point. 3. He chooses a business he likes. 4. He is able to overcome difficulties. 5. He saves 50 per cent or more of his income. 6. He thinks for himself. 7. He has a sound business policy. 8. He must be honest. 9. Interested in public welfare. 10. He works hard.

We were very glad to have Mr. Polly with us, and are looking forward to having more good speakers from the Rotary Club with us this year. Mr. W. M. Coker, due to the putting in of slage, has been helping with the extra work at Stuart Robinson the past week.
Mr. W. V. Clark, from the Tyler Auditing Company, Winchester, Ky., is auditing our books again this year.

Our graded school teachers, Miss Julia Dixon, Misses Frances and Bulah Mullins, Miss Course Croucher and Miss Laura Greer attended a demonstration program sponsored by the helping teachers, Mr. Myrel Brown and Mrs. S. Sexton, at Blackey, Sept. 28th. Everyone present enjoyed the Fellowship Meeting sponsored by the ladies of the Doernman Memorial Church at Blackey, Friday, September 28. Due to the absence of Mrs. Bascom McIntyre, president, and Mrs. James Rogers, vice-president, Mrs. James May served as chairman of the program committee. Acker, Miss Anita Asher, Miss Christine Ghiselin and Miss Laura Greer.

Mr. Holbrook also showed Rotary members a picture of Whitesburg which was taken about 50 years ago. At that time there was no permanent building for the post office and the site where the school

buildings now stand was at that time just a vacant field.

We are pleased to say that the new federal building is now an adornment to the town and adds much to the progress of the community. Here many citizens gather at mail time, greet each other and converse in matters pertaining to everyday life in the community. In fact it is the best social gathering place the town affords.

Mrs. J. S. Nicholson has returned from a visit with Mr. and Mrs. James Marlowe at Bluefield, W. Va.

OBITUARY

Frank Edward Potter, the son of Frank and Francis Potter, born Jan. 30, 1921, passed from this life Sept. 22, 1945, at the age of 24 years. In Dec. 1940 when our Government was calling for volunteers for military service, young Edward Potter boldly and willingly sacrificed his companionship with his parents, brothers, sisters and neighbors here, and went to serve his country.

He served in the Army five years, with 3 years of that time overseas. He fought through Africa, Sicily and Italy, was wounded three times and was one time captured in Sicily and held 62 days by the enemy before being recaptured by his own Army. He was honorably discharged from military service May 30, 1945.

He has two brothers still in service, Charlie and Earl. In his passing he leaves, father, mother, 7 brothers and sisters and eight half brothers and sisters and a large number of relatives and too a multitude of friends as has been shown by the hundreds that came to view his war worn body. On Tuesday, Sept. 25th his funeral was preached at the First Church of God at Neon by Elder Newt Meade, T. R. Collier and W. S. Tolliver amidst a very large congregation and on Wednesday at 10 o'clock he was given a military burial in the Potter-Cemetery just above Neon. Our hearts are so deeply wounded that time can never heal, but neighbors and our hundreds of friends that came to offer their sympathies and the preachers said so many nice things. There were so many flowers, and the undertakers did so much to make our burden lighter, that surely we can bear it better. Sorrow has come in our home before by reason of death, but none has been so hurtful. When we think of his long absence from home (5 yrs.) Being three times wounded. Being captured by the enemy and the untold suffering he endured—then so soon after he came home to live with us his life was taken from him. May we say here that we trust and pray none other soldier that fought, suffered and done duty for his country will be sent into eternity by one that our boys fought and many died for. In closing may we thank and thank again every one who came or helped us in any way.

May the blessings of God rest with each of you.

Sincerely,
—Mr. and Mrs. Frank Potter and Entire Family.
